Work experience

Junior Front-End Developer

From June 2013 to December 2017

Softline 6783 Ayala Avenue, Makati City, Metro Manila, Philippines 1227

- Delivered 30+ projects of all sizes, creating solutions for consumer services.
- Wrote 40+ automated tests for every new feature to identify and rectify bugs.
- Evaluated 100+ end-to-end designs for performance complexity, scalability, quality, and security.
- Assessed technical debts, and devised plan to reduce by 25% each quarter.
- Collaborated with 8 design team members to incorporate visual designs into functional web pages.
- Built 4 landing pages to support email marketing campaigns and promotions.

Front-End Developer

From December 2017 to March 2020

self-employed 6795 Ayala Avenue, cor. V.A. Rufino St., Ncr, Makati City

- Collaborated with 6 other team members and 4 stakeholders to develop 16 new user-facing features.
- Assisted in building 100% reusable code and libraries for future use.
- Ensured the technical feasibility of 150+ UI/UX designs.
- Optimized 15+ applications for maximum speed and scalability.
- Validated 100% of user input before submitting to the back-end.

Mid-Level Front-End Developer

Since April 2020

self-employed 912 Victoria Ave E, Brandon, Canada

- Worked with design, product, and back-end teams to create 12 web products.
- Created 3 efficient and reusable front-end systems to drive web applications to marketplace.
- Designed and implemented SEO strategies for user acquisition, driving acquisition up by an average of 250% each month.
